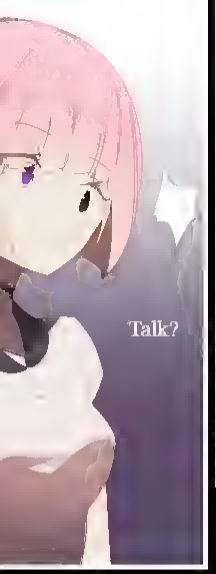
AH...

THE SUN DOESN'T USUALLY START TO RISE UNTIL ABOUT ANOTHER HOUR.

HELP ME OUT A LITTLE, NOEL! IT FEELS LIKE I'VE BEEN LAYING HERE FOR HOURS

Well... What do you want me to do?



I don't have the power to make the sun rise

I DON'T KNOW... TALK TO ME OR SOMETHING?

ALREADY!

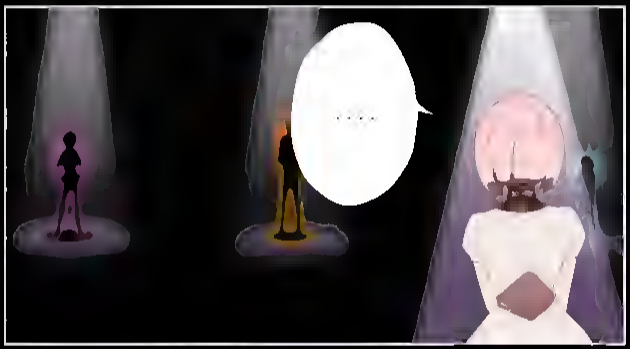
Okay.

...since I suppose it may help you.

YES!!

S-SO..
HOW ARE YOU
DOING OVER AT
HEADQUARTERS?

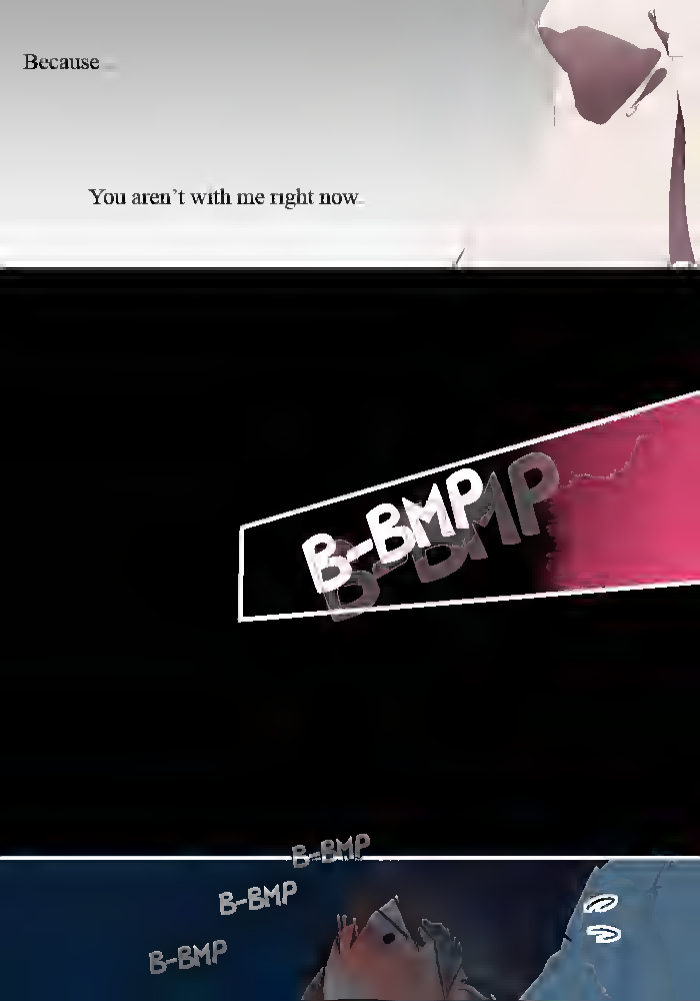
A LOT BETTER THAN
THE POSITION I'M IN, I
ASSUME?



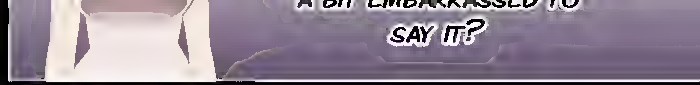
You can say that I'm uncomfortable too

Because

You aren't with me right now.



OH MY GOSH!
SO SMOOTH!
H-HOW CAN YOU SAY THINGS LIKE THAT SO NONCHALANTLY?
DOESN'T IT MAKE YOU JUST



Nonchalantly?

How else am I supposed to convey it then?
You're vulnerable in the absence of my presence.

I see no point in being embarrassed to tell you that.

LOGICAL POINT. YOU DO HAVE A CERTAIN CHARM.
(B-BECAUSE YOU'RE CUTE?)
WAIT, DID YOU HEAR ME THINK THAT TOO? AAHHH...
Cute?

Now that your small talk is falling apart, you should take advantage of this time to ask me those questions you have in the back of your mind

Knowing you, you must have more things I could help clarify since our last quality conversation

OH!
RIGHT...
SO YOU REMEMBERED THAT WE TALKED INSIDE MY VEIL TOO?
Yes, I do.

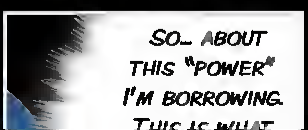
AH..
It seemed like you wouldn't have remembered it from the way you acted.
(You were very quiet and kind of airheaded.)

It took a bit of time for me to recall

To accurately describe it I felt like my mind was completely blank

--Most likely from disorientation

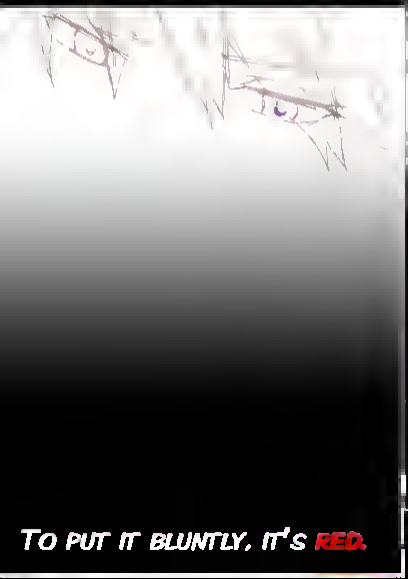
It's been gradually coming back to me now though.



Yes

Are you getting the hang of it?

I understand that it might be a bit overwhelming though, so keep your focus.



Okay.
By the way, I saw your color. Although I'm not sure if it counts considering your state of being.

To put it bluntly, it's RED.

Red?

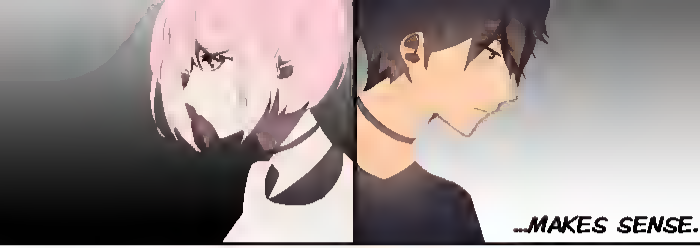
I still can't see it myself,
but if you say so.

I MEAN, IT WAS RED EARLIER, WHEN WE WERE IN PERSON.

BUT... RIGHT NOW I DON'T SEE IT.

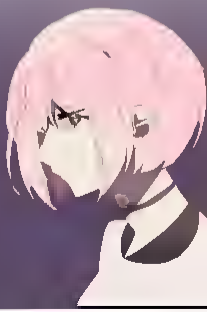
I CAN'T SEE YOUR COLOR AS WE SPEAK TO EACH OTHER RIGHT NOW.

Perhaps because we speak telepathically, compared to me physically using my voice.



You still don't have a color either, (in case you were going to ask)

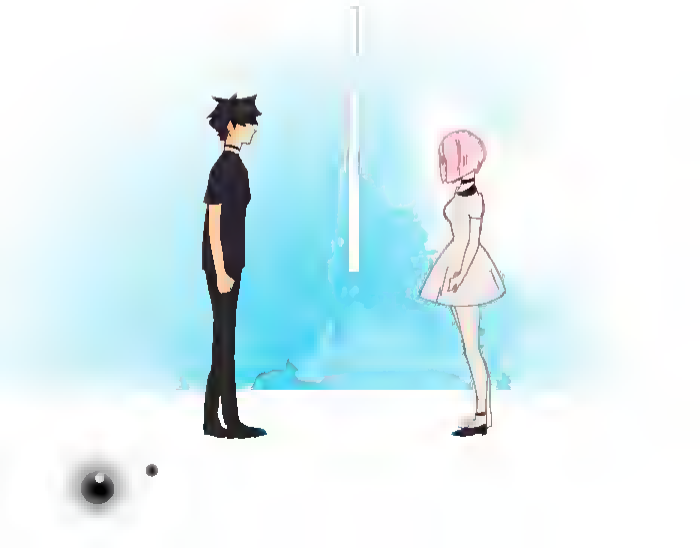
And, in addition to giving you my vision, I want to clarify that I can see everything you can too.



...Like a window, to an extent.

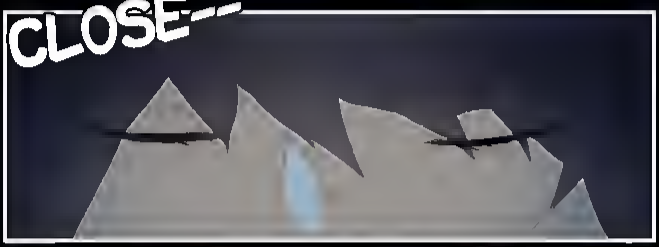
A WINDOW?

SO DOES THAT MEAN I CAN DO THAT TOO?



...Theoretically speaking, I suppose you can.
But how you do it all depends on you.

I don't know how to teach you how to properly "see" through me, so good luck.



MAYBE LIKE AN OUT OF BODY EXPERIENCE?

...LIKE AN FPS VIDEO GAME?
...OR SOMETHING...
